COMMENTS: Re: United States Patent Application No. 10/538,768

Inventor: Bernard Ruchet

Title: Method and Apparatus for Testing Optical Networks

Our File: AP1012USN

Earlier today, at 11:09 a.m. we started to send a fax transmission consisting of a petition for extension, credit card authorization, and an Amendment, but only 6 pages of the transmission went through. Please cancel those 6 pages and replace them with the 13 pages submitted herewith. A copy of our transmittal letter showing that the transmission was aborted and the Auto-Reply Facsimile Transmission is attached herewith.

Please ensure that my credit card is debited only the one fee of \$120.00.

Yours truly,

Thomas Adams, Reg. No 30178
